

BioStreme Foam Station

Contact Deodorizer and Foam Applicator

Control Noxious Odors

Effective & Long Lasting

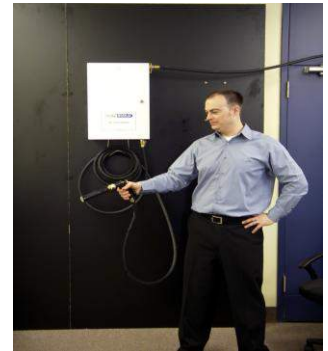

Enhances Microbial Activity

Natural & Biodegradable

Safe & Non Toxic

Foam Station and HydroFoamer

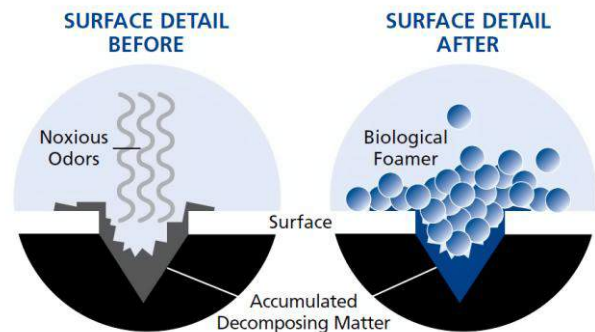

Ecolo Foam Station

Surface Odor Control

PROPRIETARY MICRONUTRIENTS soak into trash room, floors, bins and other problem surfaces, shifting the balance from anaerobic bacteria (odorous) to facultative bacteria (non-odorous). Our micronutrient formula encourages the growth of naturally occurring, beneficial odor eliminating bacteria.

An Application of **BioStreme™** 111F with HydroFoamer

A better odor control approach by treating it from the source
