

**XStreme**<sup>®</sup> Vapor

XStreme® Vapor Units produce industry leading vapor output by combining Ecolo's proven AirPro® and XStreme® Vapor Solution technologies with new patent pending innovation in vapor system design.

Ecolo's finely machined products have been developed to provide consistent output of ultra fine particles that consistently average 1 micron. These smaller, lighter and higher numbers of droplets increase the opportunity for collision and absorption between an XStreme® Vapor Solution molecule and an odor molecule.

**Ideal for:**

- Trashrooms
- Trash chutes
- Washrooms
- Kitchen exhaust
- HVAC
- Retirement homes
- Hotel rooms
- Kennels
- Ambient scenting
- Exhaust stacks

Unlike many systems that simply produce a scent or masking of odors, XStreme® Vapor Units ultra fine particles of waterless XStreme® Solution react with airborne malodors for permanent removal of the odor.

Compared to conventional misting, the ultra-light particles of XStreme® Vapor Solutions are able to easily disperse throughout all parts of an enclosed space for uniform coverage and intensity.

XStreme® Vapor Units have been developed exclusively for use with Ecolo's AirPro® multi-zone pneumatic misting systems.

**AirPro®**

- Operates up to 6 Vapor units
  - Dimensions: 14.5" x 13.5" x 7.3"
  - Weight: 23 lbs. / 11 kgs.
  - Composition: Thermoplastic Polycarbonate
- Part # 10-AIR-0130 110V/60 Hz  
Part # 10-AIR-1130 220V/50 Hz

XStreme® Vapor Units use only waterless XStreme® Vapor Solutions. These powerful neutralizing agents use essential oil technology to combat common odors. They are designed for specific applications but effective on a broad range of problematic odors.

| XStreme® Vapor Solutions | Name            | Attributes | Code#                         | Application   |
|--------------------------|-----------------|------------|-------------------------------|---|
| #8015                    | Fresh & Clean   | Hygienic   | 4 X 1L<br>50-XST-8015-B41     | Effective on animal holding areas, slaughterhouses, sewage, wastewater & other organic odors. |
|                          |                 |            | 6 X 500ml<br>50-XST-8015-B6.5 |   |
| #8023                    | Southern Breeze | Reviving   | 4 X 1L<br>50-XST-8023-B41     | Effective on dry wastes & is recommended for garbage rooms & disposal sites.                  |
|                          |                 |            | 6 X 500ml<br>50-XST-8023-B6.5 |   |
