

AIRION AIR PURIFIER WITH ADVANCED ARTIFICIAL INTELLIGENCE (SA-9500)

COMES WITH POWERFUL 10-STAGE FILTRATION!

BREATH CLEAN, LIVE GREEN!

FRESH AIR THROUGHOUT THE YEAR AD IN ALL WEATHERS

AIRION Air Purifier removes microbes that propagate indoors in poorly ventilated places, eliminating fine dust particles and harmful gases, keeping indoor air fresh and healthy

PREVENTION OF RESPIRATORY DISEASES

Removes suspended particulates, microbes, pollen and pets' hair that cause respiratory diseases including flu, asthma and allergies

REMOVAL OF PET DANDER

Removes fine hair and odor generated from pets (e.g. cats, dogs & birds) and their excreta to minimize allergenic effects while handling pet indoors

MODEL	SA-9500
Size (mm)	440 x 283 x 750
Power consumption	AC 220V/120V, 50Hz/60Hz
Purification methods	Pre-filter, Nano-silver filter, HEPA filter, Carbon filter, Quintuple photocatalyst, UV
Coverage Area (m ²)	100
Front	Installed heat strengthened glass (BLUE)
Fan Speed	Automatic/Manual, speeds 1 to 4, sleep mode, turbo mode
Human Sensor	Automatically detects human activity level
Fuzzy Sensor	Detects indoor air pollutants
Filter Change Indicator	Automatically detects filter pollution level
Timer	1,2,4 and 8 hours
Negative Ion	Generates (-) ions, the vitamin of air
Remote Control	Multi-function remote control
Exterior	ABS
Weight	10 kgs
Airflow rate (max)	1,495 (cfm)

INSTALLATION
