

Gelair™ Tea Tree Oil Solution

Specially formulated to clean surfaces and kill mold, bacteria, and viruses while providing long-lasting protection.

A Universal Cleaner with a Powerful Benefit

More Than Just Clean

The Gelair™ Solution is a universal cleaner with powerful sterilizing benefits. Its **100% natural Tea Tree Oil** formula effectively removes bacteria, mold, and viruses from affected surfaces.

Long-Lasting Protection

The penetrating action of Tea Tree Oil in the solution **stops the growth of mold on porous surfaces**, such as grout and silicon, for **up to 3 months**.

The Gelair™ Solution Advantage

Kills Bacteria, Mold, & Viruses

Acts as a powerful sterilizer, eliminating harmful pathogens at the source.

Dual-Action Formula

Serves as a universal cleaner for grime and stains **plus** a sterilizing agent.

Long-Lasting Protection

Penetrates porous surfaces like grout and silicon to prevent mold regrowth for up to 3 months.

Eliminates Odors

Rids areas of musty smells by destroying the bacteria and mold that cause them.

Improves Air Quality

By treating surfaces, you improve the quality of the air circulated by your system.

100% Natural Ingredients

Harnesses the natural, powerful anti-fungal and anti-microbial properties of Australian Tea Tree Oil.

Simple Instruction for Use

- 1.If trigger is separate, remove cap, place trigger sprayer into bottle and tighten.
2. **Shake well** before use.
3. **Test on a small, inconspicuous area** of the surface before full use.
4. Adjust nozzle to suitable spray width and **spray directly onto a clean cloth**.
5. **Wipe** the affected surfaces with the cloth.
6. Turn over the cloth when it is dirty, and continue wiping the affected surfaces.

Available Sizes

750ml Spray Bottle

Perfect for household use, spot cleaning, and treating cooling coils on AC systems

20 Liter Drum

Ideal for commercial use, large-scale applications, and refilling spray bottles.
