

AIRION Air Purifier is excellent at sterilizing and removing harmful gases as well as offensive odors, such as those generated from cigarette smoke

Through 10 stages of air cleaning, AIRION Air Purifier provides healthier air for a healthier life

Fresh air throughout the year and in all weathers

AIRION Air Purifier removes microbes that propagate indoors in poorly ventilated places especially during cold weather, eliminating fine dust particles and harmful gases, keeping indoor air welcoming fresh

Prevention of respiratory diseases

Removes suspended particulates, microbes, pollen and pets' hair that cause respiratory diseases such as flu, asthma and allergies

Removal of Pet Danders

Removes fine hair and odor generated from pets (e.g. cats, dogs & birds) and their excreta to minimize allergenic effects while handling pet indoors

AIRION AIR PURIFIER WITH ADVANCED ARTIFICIAL INTELLIGENCE

Purified air at a glance

With a fully digitalized interface, AIRION air purifier displays indoor air purity determined by an in-built artificial intelligence sensor on the LCD panel for easy pollution check

| | |
|-----------------------------|--|
| Model | SA - 9500 |
| Size (mm) | 440 x 283 x 750 |
| Power consumption | AC 220V/120V, 50Hz/60Hz |
| Purification methods | Pre-filter, nano-silver filter, HEPA (High Efficiency Particulate Arrestor) filter, carbon filter, quintuple photocatalyst filter, ultraviolet ray |
| Purification efficiency | 0.3µm at 99.95% |
| Front | Installed with heat strengthened glass (BLUE/RED) |
| Fan speeds | Automatic/ Manual, speeds 1 through 4, sleep mode, turbo function |
| Human sensor | Automatically detects human activity level |
| Fuzzy sensor | Detects indoor air pollutants |
| Filter change melody | Automatically detects filter pollution level |
| Timer | 1, 2, 4 and 8 hours |
| Negative Ion | Generates negative ions, the vitamin of air |
| Remote control | Multi- function remote control |
| Exterior | ABS |
| Weight | 10kg |
| Oxygen generator (optional) | |

SA - 9500

A Revolutionary Air Purifying System with Artificial Intelligence
