

MSP ideal for removing smoke odors  
in hotel rooms

HLS Ecolo Air Mist System  
Model **MSP** provides a  
rugged portable solution to  
eliminate unwanted odors.

The **MSP-ST** has a  
convenient spring timer to  
set treatment times up to 15  
minutes. An interval timer  
provides flexible  
programming for the  
**MSP-CT**.

The remote nozzle is  
mounted on a 1L, 2L or 4L  
container to orient misting  
as required.

**MSP-ST-RN** shown above with  
detachable 2L bottle holder.

#### Specifications:

16.5 cm/6.5"x31.8 cm/12.5"x27.9 cm/11"; 8.1 kg/17.8 lb; 110 or 220 volts.

- Use the **MSP** with AirSolution #9037 to eliminate cigar/cigarette smoke odors from hotel rooms or vehicles in minutes.
- Deodorize rental or "for sale" properties with AirSolution #9054.
- Eliminate fish and cooking odors with AirSolution #9042.
- Treat locker rooms and nursing homes with AirSolution #9010.
- A valuable tool for restoration projects.

Enquire about other HLS Ecolo systems that can provide 24/7 treatment.
