

- Operates Automatically & Unattended
- Weather/Corrosion Resistant
- Lockable Enclosure
- Quiet Operation

The AirPro system, part of the AirStreme lineup of products. The AirPro integrates advanced solid state electronics and durable oilless compressors into one sleek and refined package.

# AirPro System - Odor counteractant delivery system

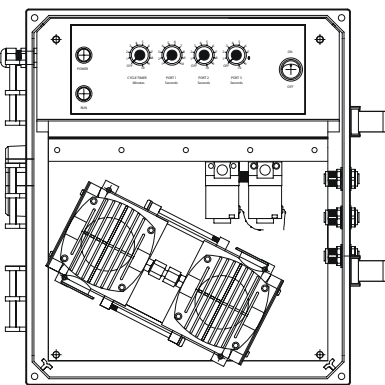

The AirPro system has features and versatility like no other system in the industry. The AirPro integrates advanced solid state electronics and durable oilless compressors into one sleek and refined package. Imagine having the flexibility of interval times up to 10 minutes and cycle times up to 10 seconds packaged in a corrosion resistant NEMA enclosure.

Ecolo's AirStreme™ system is specially designed to control multiple satellites in different locations. The unit is combined with any SU (shown to the right) to atomize AirSolution and to neutralize odors in:

- Garbage Areas
- Storage Areas
- Industrial Facilities
- Exhaust Stacks
- Recycling Plants
- Loading Docks
- HVAC Systems
- Anywhere odor is a problem

## FEATURES AND BENEFITS

- Integrated Controller Design – compressor and programmable controller in one clean and polished system.
- Adjustable Programming – Repeat cycle timers with up to 10 minute intervals and sprays times up to 10 seconds.
- Port Control – individual ports can be turned off or on as required.
- Dial Programming – Easy to use and easy to program.
- Weather/Corrosion Resistant NEMA Enclosure – manufactured from impact resistant thermoplastics that will not rust, dent or peel.
- Modern Solid State Control – cost effective and efficient systems with little to no down time.
- Quiet Operation – enclosure is sealed for quiet operation.
- Tamper Proof – lockable enclosure and internally mounted components prevent tampering.
- Easy to Install – quickly mounts to a wall or tank.
- Electrically Certified - certified to North American electrical standards.

The AirPro can operate 3 SU-20's or 6 SU-4's or 6 SU-2's

### Product Specifications

- Dimensions: 14.5" x 13.5" x 7.3"
- Weight: 23 lbs
- Composition: Thermoplastic Polycarbonate
- Electrical: 120V 60hz / 220V 50hz

### SU-2 Specifications:

Depth 11.43cm/4.5"  
Width 11.43cm/4.5"  
Height 39.37cm/15.5"  
Weight 2.72kg/6 lb  
Capacity 2 Litres  
Vandal resistant 18 gauge lockable steel cabinet.

### SU-4 Specifications:

Depth 15.24cm/6"  
Width 15.24cm/6"  
Height 50.8cm/20"  
Weight 3.63kg/8 lb  
Capacity 4 Litres  
Vandal resistant 18 gauge lockable steel cabinet.

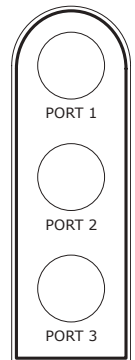

### SU-20 Specifications:

Depth 25.4cm/10"  
Width 34.29cm/13.25"  
Height 49.53cm/19.5"  
Weight 9.07kg/20 lb  
Capacity 20 Litres  
Vandal resistant 18 gauge lockable steel cabinet.

Easy to Install –  
Quick Connect

Quick connect fittings allow fast and secure connections of plumbing parts. Internally mounted components in a ventilated and tamper proof enclosure keeps the system safe providing a level of convenience to satisfy even the most discerning client.
