

**96% Indoor Entrapment Efficiency!**  
**Covers 100 sqm!**

### **Human Scent Attractant**

A proprietary blend of food-grade attractant mimics the human scent to lure mosquitoes in (e.g. *Aedes Aegypti*, *Aedes Albopictus*, *Anopheles Hyrcanus Sinensis*). Replace every 30 days for optimal efficiency.

### **UVA Light Attractant**

Ultraviolet-A (UVA) light is emitted to exert an enormous attraction force on mosquitoes. 10,000 hours average lifespan.

### **Catchment Tray**

Mosquitoes are captured into it and dehydrated.
